

Drevoil Hybrid 0W16

Application

Specifications

Typicals

A fuel economy SAE 0W-16 motor oil, developed according the most recent technology, based on specially selected synthetic base oils and a well balanced choice of advanced additives to obtain the following properties:

- a lower fuel consumption
- a high and stable viscosity index
- a good resistance against shearing
- a very fast cold start, even at very low temperatures
- a safe lubrication film at very high temperatures
- a very good detergency and dispersion power
- a very strong protection against wear, corrosion and foaming

This fuel economy, specially composed SAE 0W16 motor oil, is recommended for use in petrol engines in passenger cars of Japanese OEMs, equipped with the latest techniques.
